# CinemAmbulante

Kino Guarimba is part of **Cinemambulante**, a cultural integration festival in Calabria (southern Italy) organised by La Guarimba. The **fourth edition** will be taking place in Amantea (Cs) from June **10<sup>th</sup> to the 21<sup>st</sup> 2019**.

**Amantea** is located in the tyrrenian coast of Calabria, a beautiful and not so well-known region in southern **Italy**.

The 12000 inhabitants town houses 300 refugees that are involved in this project.

In order to create a variety of positive impacts on the region we have divided Cinemambulante into three parts: an **itinerant film screening programme**, a **street art** project and **Kino Guarimba**.

The participants will experience social lunches, calalabrian/african folk concerts and a unique insight into our traditions.

# KINO GUARIMBA

A **12 days Cinema Residency** in southern Italy where a group of international creatives who don't know each other get together to write, shoot, edit and screen short films.

**Calabria** is a melting pot of cultures from Ancient Greek to Modern Italian, going through Arbëreshë, Albanese, Subsaharian African and Latin American cultures.

In the region you will find dialects, folk music and dances, catholic and pagan rituals, culinary expressions, the mountain and the sea among farmers and fishermen.

## ABOUT US

**CinemAmbulante** was created by La Guarimba, a cultural organisation situated in the southern Italian region of Calabria that uses culture as a vehicle to promote values of participatory democracy, integration and accessibility.

Our main project is **La Guarimba International Film festival** that takes place every August in Amantea, and our goal is to **bring the cinema back to the people and the people back to the cinema.**

Upon returning to his homeland, Calabro-Venezuelan **Giulio Vita** (1988) founded the film festival in collaboration with Venezuelan street artist and illustrator **Sara Fratini** (1985).
